## *Chairman's foreword*

We praise God and thank Him for His abounding love, which endures forever. Even in this state of Covid-19 Pandemic, lockdowns and health emergencies, HE has always been faithful and true to protect and care for us and enable us to help the people in need. We experienced the peace of Christ, which ruled in our hearts.

Due to lockdowns and Government guidelines the work among children and women was is affected.

We trust that the sovereign Lord is in control of every situation and loves the poor and needy more than us. So our hope is in the Lord.

Fund raising, I felt is a challenge to keep the work going. our Executive Director Mr. A. Murugesan is working with companies to provide funds for DC projects under CSR. We trust that the Lord will provide.

Even in the darkest of times. We can praise God for His love, His sovereignty, and His promises, in the midst of trouble and challenges He has said, "be still and know that I am Lord" .

We look ahead to God providing for their needs and to strengthen the staff in a difficult time to share the Concern with burden. May the projects of DC continue to display God's goodness and sovereignty to the praise of His glory.

We are committed to the upliftment of society, especially the children by caring and providing an atmosphere to develop their God given potential.

God bless the staff and the projects.

## About DC

Discipleship Centre (DC) was established in the year 1974. Since then the NGO is working towards sustainable development of marginalized communities at a national level. Over the past years DC has responded to most of the disasters / natural calamities that have occurred in the country through the provision of immediate relief thus providing prompt help to the afflicted. The response has always been one of building hope, standing with the afflicted and the marginalized in their hour of acute grief and pain. DC's target has always been the most underprivileged and needy with special focus on the needs of women, children and the disabled.

DC's integrated community programs strive for sustainable development to empower the poor and the vulnerable through community participation and resource mobilization. Furthermore, Education is an important development tool and our community development programs are incomplete without a study centre in each of our target villages. The focus is primarily on the children who don't attend formal schools since education is a basic right. Drop outs/ non school- going children are coached at the centre up to the entry elementary level and enrolled back into the mainstream.

Girl children are most of the times destined to a life of ignorance and illiteracy, but are now breaking social norms and are active participants in the literacy programs with several of them having gained access to formal schools.

## Food, Nutrition and Education to the orphan children

*“Helping one person might not change the whole world, but it could change the world for one person.”*

Discipleship Centre selected semi orphan children for education with the sponsorship of Missionary Service Committee (MSC), Canada in Kalyanpuri and Madanpur Khadar.

In this current Covid19 pandemic situations schools were closed and children were at home. Senior students were only permitted to go the school for submission of some assignments etc.

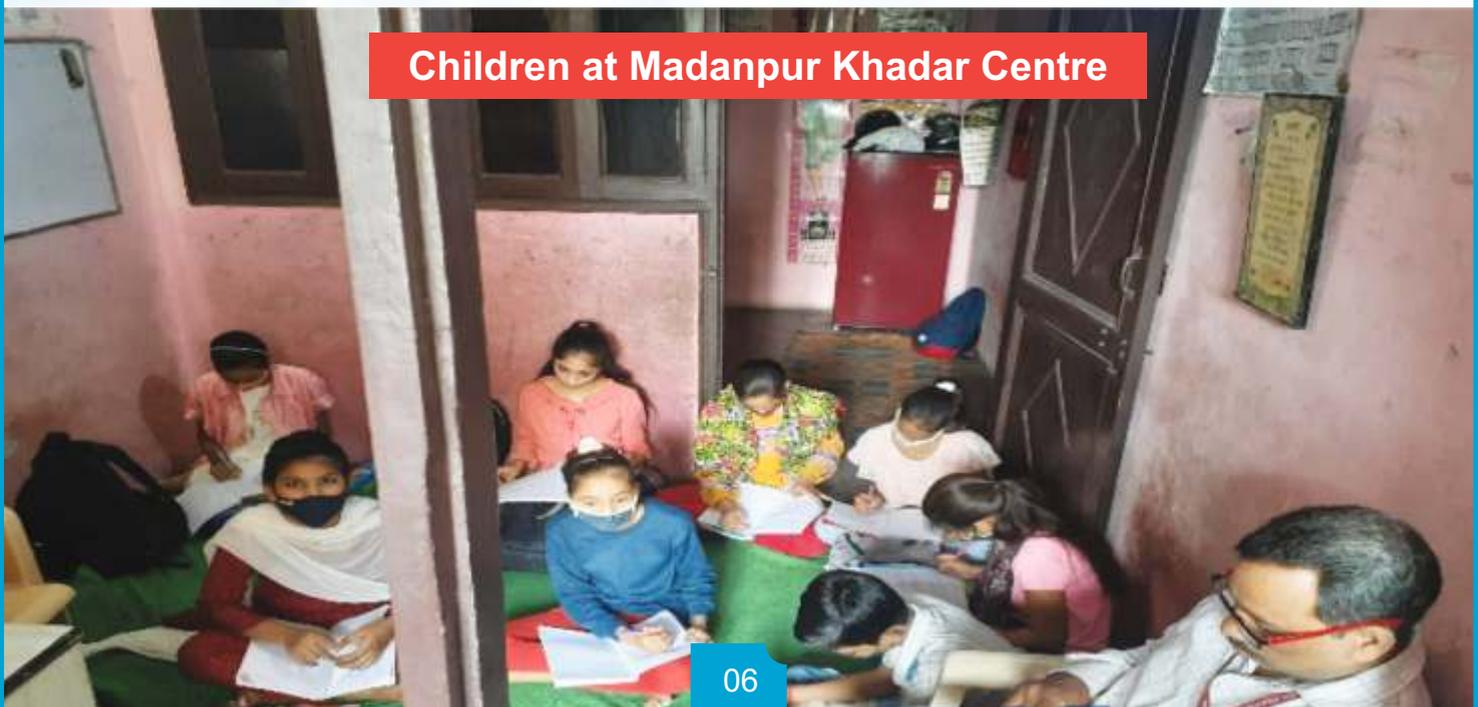

The senior children are therefore, coming to our centre by taking all precautions of Covid 19.

In the absence of school going, Discipleship Centre is engaging the senior children by educating them in all the subjects.
