Chairman's foreword

The wonderful promises of God give us the strength and courage to move ahead in doing the good works he has prepared us to do. Not only that but He also said that those who look to Him are radiant. Discipleship Centre is a testimony to that.

We all know that Covid 19 has given a setback to world over so DC is not exempted. The second challenge is the stopping of funds due to government policies. We are trusting God and pursuing CSR funding and other donors for provisions.

DC is committed to uplifting the society by capacity building of women who do not have other opportunity to earn their living in a dignified way. It is also a great joy to help children in their studies making them responsible and hard working. Our staff is motivated by the love of God and each and every child is treated with dignity to transform their lives.

Our ED Mr. Murugesan is the real backbone by which DC is able to stand thus far. His heart for the poor and needy as well as father's heart for the care of staff is commendable. His finance management skills with an insight have provided for all needs in a balanced way.

The properties of DC are protected and ED Mr. Murugesan played a major role in getting the allegations settled, and saving from encroachments. We are thankful to our government and leaders who have always supported DC in providing help wherever needed. Our transparency, good governance and work ethics according to law of the land is the strength.

God has been faithful in providing the needs so far and we are hopeful that CSR funding will also be available, which will help DC grow in providing benefit to more poor and needy. I am thankful to our generous donors who give their extreme support and commitment to the causes that are important to civil society. I am also thankful to the Board and Society Members for their support and suggestions from time to time.

All glory to God who gives us the opportunity to work for him and provides for the needs of helpless and underprivileged.

May God continue to envision and bless Discipleship Centre.

“Pray without Ceasing”

Maintaining and working towards the continuity of organisation is a real challenge as resources are drying up from inward and outward (Foreign donors). At present, most of the NGOs are suffering in one way or other and Discipleship Centre is not an exception.

However, it is my great privilege to work for Discipleship Centre and the Lord is leading the organisation in every transaction even though the means are limited, we are still able to meet the needs of project children and the staff of the project.

Despite, the prevailing Covid-19, this organisation is continually meeting the monthly salary of the staff and there is no reduction. The children are trained and brought up to the skilful manner to match with the other children who are privileged.

Everywhere, now a days, it is digital and online deal is necessary. Poor children are not having the online facilities are suffering and we are training them in our Centre.

Our endeavour is to facilitate the children to grow in each aspect along with the wisdom of God.

I sincerely thank the prayers of my staff and committed dedication of staff in Headquarter or in the project offices to bring the poor children and communities to the target in an upward way.

I thank the Board Members, the valuable Donors, the Children and the Staff of Discipleship Centre for their equal sharing and contribution.

Above all I sincerely thank the Lord for nurturing Discipleship Centre continually without any difficulties.

About DC

Discipleship Centre (DC) was established in the year 1974. Since then the NGO is working towards sustainable development of marginalized communities at a national level. Over the past years DC has responded to most of the disasters / natural calamities that have occurred in the country through the provision of immediate relief thus providing prompt help to the afflicted. The response has always been one of building hope, standing with the afflicted and the marginalized in their hour of acute grief and pain. DC's target has always been the most underprivileged and needy with special focus on the needs of women, children and the disabled.

DC's integrated community programs strive for sustainable development to empower the poor and the vulnerable through community participation and resource mobilization.

Furthermore, Education is an important development tool and our community

development programs are incomplete without a study centre in each of our target villages. The focus is primarily on the children who don't attend formal schools since education is a basic right. Drop outs/ non school- going children are coached at the centre up to the entry elementary level and enrolled back into the mainstream.

Girl children are most of the times destined to a life of ignorance and illiteracy, but are now breaking social norms and are active participants in the literacy programs with several of them having gained access to formal schools.

Food, Nutrition and Education to the orphan children

“A helping hand can be a ray of sunshine in a cloudy world.”

Discipleship Centre selected semi orphan children for education with the sponsorship of Missionary Service Committee (MSC), Canada in Kalyanpuri and Madanpur Khadar.

After Covid -19 the schools are opened and our children from the Centre are going to school regularly. Our Centre teachers are dedicated to teach the children on regular time and whenever they need.
