Chairman's foreword

Joys and sorrows are a part of life, but those who wait upon God renew their strength. The year 2022-23 has been a tough year as most of the finances have not come in to meet the needs. Unfortunately, we have to depend upon our reserves which are depleting. But we trust God that it is His work and He will provide for the needs in His time. Waiting upon God and difficulties and challenges are opportunities in which we see by faith that God is working. He makes all things beautiful in His time.

Christian faith is accompanied by long suffering and endurance, but certainly long suffering and endurance is not without promises.

I am blessed with responsible and committed Board members, who are concerned and take active steps in all situations with good governance and responsible decisions.

Secondly the commitment and hard work and insight of our ED Mr. Murugesan is praise worthy. By God's grace and his hard work all pending cases have been disposed off in favour of DC. Now we are free from all pending, litigations and demands of the income tax department also. God has been good. This is an encouragement and testimony to all in the ministry of Discipleship Centre to grow in faith. We see the hand of God, guiding, sustaining and delivering, I am sure as Paul says, "the one who started good work, will bring it to completion". So, we fix our eyes on the Lord Jesus because our hope is in Him, not in the finance, not in any departments, but in the living, Lord, the word of God says in Psalm 34, that, "those who look to him are radiant and they are never put to shame". This faith gives us the courage and strength required to look beyond the circumstances to God for His promises and plans. God is more concerned for the needy and under privileged children. May God always be praised through our humble ministry at Discipleship Centre and we look forward to more children and women be empowered in education and skills development.

From the Executive Director's Desk

“He gives wisdom” Proverbs 2:6

Working with Discipleship Centre encourages me day by day because of the number of challenges I get to meet in my daily life. Achieving each mile stone is enriching my happiness and I give thanks to the Lord for His wisdom given.

Moving with the slum children and serving them is an added advantage to utilise my wisdom diligently. How to judiciously utilise the donor's money towards welfare of the children is yet another challenge and once you complete the task, the joy of happiness that fills your heart is marvellous.

Many of the children are studying in our targeted Study Centre and are simultaneously growing in knowledge. Children's awareness is fantastic and they are imparting and educating their parents as well after learning from our Study Centre.

I sincerely thank the prayers of my staff and their committed dedication in Headquarters and in the project offices to bring the poor children and communities to the target in an upward way.

I thank the Board Members, the valuable Donors, the Children and the Stake Holders of Discipleship Centre for their equal sharing and contribution.

Above all I sincerely thank the Lord for nurturing Discipleship Centre continually without any difficulties.

Murugesan Arumugam
Executive Director (DC)

About DC

Discipleship Centre (DC) was established in the year 1974. Since then the NGO is working towards sustainable development of marginalized communities at a national level.

Education is an important development tool and our

community development programs are incomplete without a Study Centre in each of our target villages. The focus is primarily on the children who don't attend formal schools since education is a basic right. Drop outs/ non school going children are coached at the centre, up to the entry elementary level and enrolled back into the mainstream.

Girl children are most of the times destined to a life of ignorance and illiteracy, but are now breaking social norms and are active participants in the literacy programs with several of them having gained access to formal schools.

Food, Nutrition and Education to the Semi - orphan children
